# CURIEUX
The Computer Science Society

Objectives:
➔ This society will provide a platform for UG students who posses a keen interest in computation, technologies & their deployment.
➔ The society will enable its members to further their technological interests, deepen their understanding and provide them with opportunities to broaden their participation in research, deplyoment and user experience.

Administration and Structure:

EC_m: Member of executive committee
Cn_{CS}: Convenor of the Computer Sc. Dept.
F_{CS}: Faculty member of the CS Dept.
P: President of the Society
V.P.: Vice President of the Society
Sc.: Secretary of the Society

Tenure of the committee: 1 Academic year

EC: Executive Committee
● The Society will have an EC comprising of 10 elected student members, the Convenor of the department and a faculty member.
● There will also be a Returning Officer nominated by the Dept. Convenor for election. The Returning officer will not be a part of the EC.

Formation of EC:
● Students from 2nd and 3rd year will file their candidature for the EC in the form of an Application, addressed to the Convenor of the Dept.
● Members of the EC will be elected by the students of the *Computer Science Dept.*
● Faculty member will be nominated by the other faculty members of the department.
● Interested students shall file in their nomination backed by 2 other students as *proposer* and *seconder*.
  ➢ A student cannot propose and second more than two nominations.
  ➢ A candidate shall not be a proposer or seconder of another candidate.
  In case of any conflict, the decision of Returning officer will be final and binding.
  Note: A student's candidature is subject to rejection as per the discretion of the Returning officer of the election.

Election of post bearers:
● There shall be no direct nominations for any of the posts.
● The elected members of the EC shall elect the President, Vice President and Secretary amongst *themselves* by *proposing* and *seconding*.
● The ex-officio members of the EC shall have voting rights but they may or may not choose to vote.
● The student who receives maximum votes will be elected as the post bearer.

Society Structure:
● The society members will be divided into subgroups. [To be decided with the approval of the EC by 2/3rd majority.]
● Each subgroup will have a group leader who must be a member of the EC.
● The leaders are required to be qualified to a certain extent in the field assigned to them.
  Special case: The executive committee can co-opt another society member to be the leader of a group even if he/she may not be a member of EC. Such a member will not have voting rights in the EC.
  Each group will work on one main project that may be demonstrated in the college's Annual Cultural Fest.

Rules and Regulations of the Society:
1) Sessions of the EC shall be held once a month or more as need be. There shall be at least one full meeting of the society every semester.
2) Group changes will not be entertained if they are not made within a week of commencement of sessions.
3) Any sort of property(equipment or hardware devices) that will be issued from the labs of the College for societal needs should be handled with utmost care and should not be brought to any damage.
4) Any sort of irrational or illegal behaviour will result in serious penalty as decided by the EC by 2/3rd majority.

The Society shall organise one or more special yearly event(s) during the Annual Cultural Fest as decided upon by the EC by 2/3rd majority.
